

## SERVICE JOURNAL

**For each service project you complete, answer the following in complete sentences. You must type your Journals. The Journal must be stapled to your project evaluation form in order for you to receive credit for the service hours.**

1. Describe your service site.
2. What did you think you would experience or see before your service project?
3. What were at least two things you were looking forward to and two things which made you apprehensive about this project?
4. Using one of these adjectives or one of your own, explain your initial reaction to your service. (Do not just give the adjective, explain why you felt that way.)
5. Summarize what you did.
6. Write about one or two people you worked with or for during the project.
7. Write about *at least* one of the following:
  - something that someone (at this site) said which was meaningful to you
  - a time you felt needed (at this site)
  - what you will remember most about this experience
8. Would you want to perform service at this site again? Why or why not?
9. Describe how this experience has affected your view and/or opinion of the people you served. Do you think this experience has changed you in any way? If so, how?
